

KERN TRAVEL–EAST HILLS

Ron Biglin, Owner

Everyone has his or her dream vacation. Whether it is Alaska or Zimbabwe, Ron Biglin and his team at Kern Travel–East Hills can make it happen. The company opened its doors in 1946 and has thrived in an industry that is constantly evolving. Ron has attributed his success to a question he is constantly asking himself. “What can we provide that the Internet cannot?” The answer is always the same: “Service! We provide personalized customer service to help us create unique travel experiences based on each client’s individual desires.” It doesn’t matter if the client isn’t a world traveler. “My team has over 200 years of combined travel experience!” Biglin says proudly. It is that experience and knowledge that differentiates Kern Travel–East Hills from other agencies. “Even though we can send you wherever your heart desires, several of my team specialize in certain areas of the world.” If your dream is to do an African safari or possibly spend a week exploring the culinary delights of Tuscany, there is no one more knowledgeable than Gary Jaussaud. If swimming in the crystal clear blue waters of Bora Bora is your dream then you should speak to Kelly Anderson. The Tahiti Board of Tourism has certified Kelly as a Tahiti Specialist! Do you want to take a cruise or maybe play golf on the Big Island of Hawaii? Judi Hardan has been more times than any of us care to count. First hand knowledge is what sets the team at Kern Travel–East Hills apart.

Kern Travel–East Hills has a network of “destination specialists” in most countries around the world. Working with them, we can arrange anything you desire. Do you want to dance in an Irish Castle? No problem! Private tour of the Vatican? No problem! Create your own personal fragrance in France? Done! These amazing partners are thoroughly screened and have yet to be stumped by any challenge the Kern Travel–East Hills team has given them! The benefits of having Ron and his team behind you do not end at the airport. If you lose your passport, they can help you replace it. What if your luggage doesn’t get to Rome when you do? They can contact the destination specialist in Italy and they will get it to you.

Ron does have some recommendations before you come to him. First: “Get your passport!” Since October 1st you will need it to fly anywhere outside the country. Second: “Do some homework! Come to us with ideas of things you’d like to see and do at your destination.” Remember: they haven’t been stumped yet. Lastly: “Plan in advance.” Travelers who think they can get a “deal” by waiting until the last minute will probably be sorely disappointed. Many people already have next summer’s vacation reserved. The team will do their best to get you what you want, but they never want you to “settle.” “We will do whatever it takes to make your dream vacation a reality.” These are some of the reasons that Kern Travel–East Hills has established itself as the premier travel agency in the southern San Joaquin Valley.
